

ELITMAT

FOR A BETTER LIFE AT THE WORKPLACE

protection with its polyurethane-based products, designed to deliver exceptional performance in both indoor and outdoor environments. These highly durable solutions are extremely impact-resistant, making them ideal for high-traffic and demanding industrial settings.

To enhance safety, each product features red reflective warning markings and contrasting black accents, ensuring optimal visibility even in low-light conditions. For added strength, the design includes steel reinforcement, providing superior stability and reliability.

Perfectly suited for diverse applications, including food industry environments, Rambowl products are non-corrosive and built to withstand challenging conditions. Installation is simple and secure, utilizing a base plate with fixing anchors for long-lasting performance. Rambowl sets the standard for safety and durability in industrial impact protection.

We have made it our business, to make your workplace environment safer.

We see ourselves as experts within people's safety, and as your trusted advisor, and **together we create safety.**

SOLUTIONS MADE OF POLYURETHANE

01 IMPACT PROTECTION MADE OF SOLID POLYURETHANE

Why use Polyurethane?

Unlike steel, polyurethane needs no reparation after a collision, as it is non-corrosive.

The material is colored all the way through. Therefore, the product is highly recommended for the food industry.

Available in following versions:

- Bollards in three diameters.
- Beams in three lengths.
- Hoop guards in seven sizes.

Advantages of Rambowl products:

- One product for outdoor and indoor use
- Red reflective warn marking and black stripes for better visibility
- Additionally, steel reinforced for higher stability
- Suitable for use in the food industry
- Non-corrosive
- Fixing via base plate with floor anchors

01 IMPACT PROTECTION MADE OF SOLID POLYURETHANE

PROTECTION BOLLARDS

Art. No.	Description	Diameter	Baseplate size
P50-50	Bollard	ø 90 mm	200 x 200 x 25 mm
P50-60	Bollard	ø 159 mm	250 x 200 x 25 mm
P50-70	Bollard	ø 273 mm	320 x 320 x 25 mm
PFIX1	Fixing set, 4 floor anchors, galvanized , 95 mm length, Ø 10 mm		
PFIX2	Fixing set, 4 floor anchors, stainless steel , 95 mm length, Ø 10 mm		

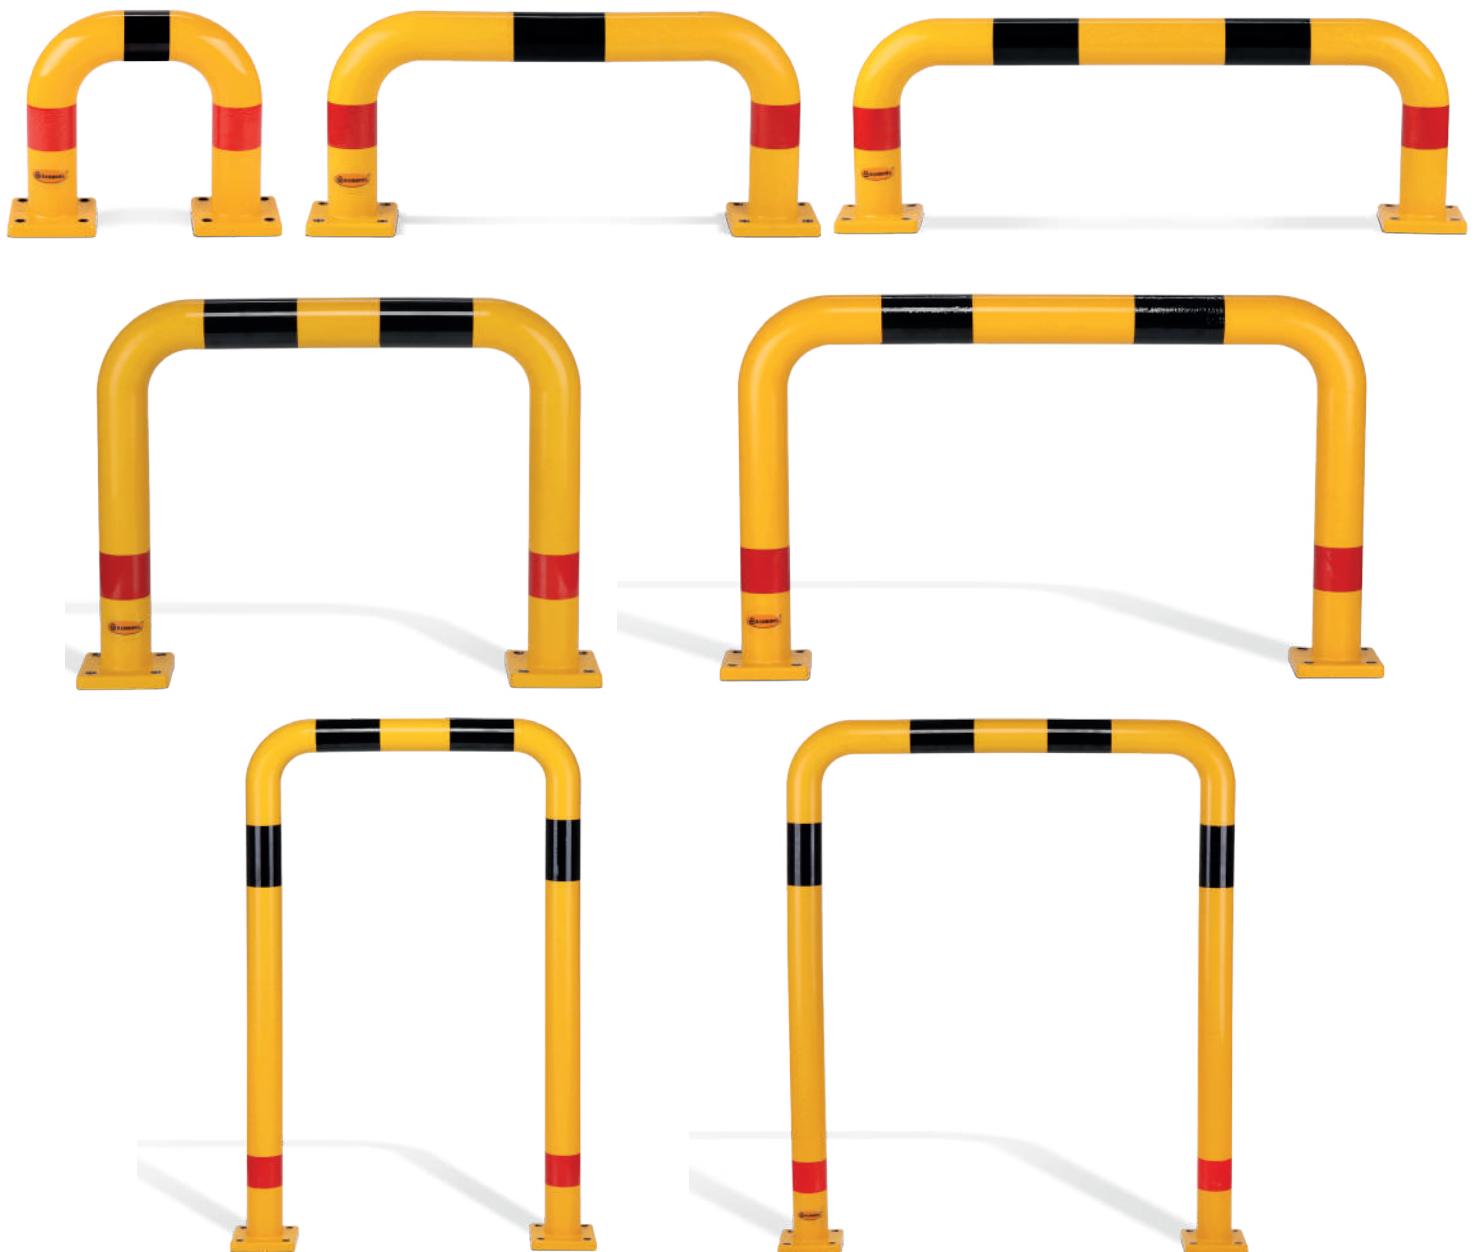

PROTECTION BEAMS

Art. No.	Description	Diameter	Width
P60-10	Bar	ø 80 mm	400 mm
P60-20	Bar	ø 80 mm	800 mm
P60-30	Bar	ø 80 mm	1200 mm
PFIX1	Fixing set, 4 floor anchors, galvanized , 95 mm length, Ø 10 mm		
PFIX2	Fixing set, 4 floor anchors, stainless steel , 95 mm length, Ø 10 mm		

PROTECTION BEAMS

Art. No.	Description	Height	Width
P30-10	Hoop protection guard	350 mm	375 mm
P30-20	Hoop protection guard	350 mm	750 mm
P30-30	Hoop protection guard	350 mm	1000 mm
P30-40	Hoop protection guard	600 mm	750 mm
P30-50	Hoop protection guard	600 mm	1000 mm
P30-60	Hoop protection guard	1200 mm	750 mm
P30-70	Hoop protection guard	1200 mm	1000 mm
PFIX3	Fixing set, 8 floor anchors, galvanized , 95 mm length, Ø 10 mm		
PFIX4	Fixing set, 8 floor anchors, stainless steel , 95 mm length, Ø 10 mm
